

18th Int. Conf. on B-Physics at Frontier Machines, Beauty 2019

Sunday, 29 September 2019 - Friday, 4 October 2019

Ljubljana Exhibition and Convention Centre

Scientific Programme

Program will cover many topics in the field of flavor and precision physics: CP Violation, Spectroscopy, Semileptonic decays, Heavy Hadron Properties, Beyond Standard Model, Kaon Physics, Heavy Hadron Production, Rare Decays, Charm Physics, New and Upgraded Facilities,...

Attendance from early career-scientists who wish to present a **poster** to showcase their research is strongly encouraged. A **poster session** will be organized at the conference to allow attendees to study the posters and discuss with the presenters. Anyone showing a poster will be requested to provide a brief **written contribution in the peer-reviewed proceedings of the conference**. Furthermore, one (or more prizes) will be awarded for the best poster(s), which will also entail a **short oral presentation**.
