

Workshop: Accelerating CUDA C++ Applications with Multiple GPUs

Wednesday, 11 September 2024

Multiple GPUs with CUDA C++ (– Learn the key concepts for effectively using multiple GPUs on a single node with CUDA C++. – Explore robust indexing strategies for the flexible use of multiple GPUs in applications. – Refactor the single-GPU CUDA C++ application to utilize multiple GPUs. – See multiple GPU utilization in the Nsight Systems Visual Profiler timeline.) (15:15 - 16:15)
