

SLING

SLING Days

Central European Regional Group Meeting

Training focus

3-5 December 2024

Training focus topics for discussion

- Training baseline
- Training organization models
- Collaborations with other projects
- Developing shared training programs
- Training for the NCC staff

Training baseline

CASTIEL2/WP3 Training Baseline

- Co-Design effort to define a core set of training courses in HPC/HPDA/AI
- Of European scope – by and for all CASTIEL2/EUROCC2 training champions
- Task force ongoing
- Career pathways (thnx 2 D Henty EPCC), 3 target sectors, 6 user profiles
- Should provide a guideline for newcomers that suddenly end up in HPC/HPDA/AI
- Certification task force in parallel (perhaps μ -credentials)
- Collaborations with EUMaster4HPC (curriculum) Spectra (certification forum)

development of a European certificate of attendance for training sessions under the EuroCC label

Here is a list of common rules when delivering a training session.

- 1) **Set clear objectives:** Define the learning outcomes.
- 2) **Set expectations early:** Clearly communicate the schedule, format, expectations for participation, and any assignments or assessments required.
- 3) **Identify prerequisites:** In the course description, ensure that any required prerequisites are clearly stated.
- 4) **A structured course:** Plan the content and organise the material in a logical progression.
- 5) **Accessible materials:** Make sure training materials are available.
- 6) **Use interactive methods:** Employ diverse teaching techniques that promote engagement and reinforce learning through active participation.
- 7) **Schedule regular breaks:** Allow participants time to rest and process information.
- 8) **Use reliable technology:** For online or hybrid training sessions, ensure that the platform is user-friendly, stable, and secure.
- 9) **Attendance:** Verify that participants were present or connected if the training was conducted online.
- 10) **Evaluate feedback:** Conduct post-training surveys to gather participant feedback and improve future sessions.

Training organization models

- Paid vs. Free
- In-person vs. Online

Collaborations with other projects

- EuroHPC projects
- Other EU funded projects
- Non- EU projects

Developing shared training programmes

- Multi-day courses conducted in cooperation with several NCC-s?
- Joint courses with CoEs?
- Shared training programmes material?

Training for the NCC staff

- after the discussions with the JU – ineligible cost?

Thank you for attention!
