

Session Program

22 October 2025

RNA Salon #1

Talks

Jamova, A/1-106 - Seminarska soba fizike (F5)

Wednesday 22 October

14:15

Talks

Session | **Location:** Jamova, A/1-106 - Seminarska soba fizike (F5)

14:15-14:35

Anja Trupej, "HCR-Proxy resolves site-specific proximal RNA microenvironments at subcompartmental resolution"

14:35-14:55

Domen Vaupotič, "Detection and classification of low complexity RNA sequences"

14:55-15:15

Vito Šuklje, "Structural effects of pathological mutations on mitochondrial tRNA^{Ala}-derived fragment"

15:15
